

Expanding Knowledge: Spring 2021 Intern Profiles

NICOLE FIELDS

16-17 YEAR OLD INTERNSHIP PROGRAM

My name is Nicole Fields. I am a 17-year-old junior at Loma Linda Academy.

The internship topic I chose is the Tribal Safety Program. Currently I am at the fire station working two days a week.

A few things I have learned is how to perform CPR, what the role of emergency management is and how it functions, and what type of equipment firefighters use.

I was able to experience what it was like to be fully geared up and perform some of the tasks that firefighters go through.

I had the opportunity to climb to the top of the ladder truck and use a fire hose. A drill I went through was a simulated experience of crawling through a dark space with electrical wires hanging down while in full gear.

Being able to be a part of this program is greatly helping me decide on what I want to do in the future. I am enjoying every second so far and I'm looking forward to these next few weeks.
